To whom It May Concern,  
When is there going to be  
enough "stuff" put up around us on  
Ferguson Lane? We (residents of  
Ferguson Ln.) are human beings. We  
have endured countless things down  
this road that the city has labeled  
as "progress."

I'm confident that there are health  
risks involved in being surrounded  
by all of these "elective things," not to  
mention the emotional stress of being  
subjected to the constant buzz of  
electrical current overhead, flashing  
lights, and enormous steel structures.  
We are unable to obtain satisfactory  
radio and tv reception, due to this  
"progress." This is not Roswell, New Mexico.  
We do not enjoy feeling like we're  
living in a futuristic science fiction  
movie.

How much should we have to  
endure for the sake of "progress?"  
Put yourself in our shoes. Would you  
be happy? Would you be concerned  
about your mental and physical well  
being?

Most of the people living on Ferguson  
Ln. have been here for years!

Reference to case - 98-005

Executive Director's Office.

Dear Sir:

We oppose the Construction of  
another Tower in this area.

There are so many Towers built  
near the farm, that it looks like a  
"Steel Forest" with red Flashing lights.  
which is very annoying to say the least!

Please. "No more Towers"

Sincerely

Mary N. Walpert  
320 - East Blue Hick Road,  
Shepherdsville, Ky, 40165
